

GUITAR

GUITAR IS A MUSICAL INSTRUMENT

A TONE IS PRODUCED BY THE VIBRATION OF A STRING STRETCHED BETWEEN TWO SOLID BODIES.

THIS ANCIENT STRINGED MUSICAL INSTRUMENT IS REPEATEDLY MENTIONED ALREADY IN THE BIBLE.

THE FIRST GUITAR-LIKE INSTRUMENTS WERE OBSERVED AMONG THE SUMERIANS UNDER THE NAME KINOR, AND FROM THERE THEY WERE ADOPTED BY THE GREEKS AND ROMANS. AROUND THE 9TH CENTURY AD THE ARABS BROUGHT THE GUITAR TO SPAIN, FROM WHERE IT LATER SPREAD THROUGHOUT EUROPE.

SIMILAR INSTRUMENT IS UKULELE, BUT IT HAS 4 STRINGS.

A GUITAR PICK IS USED WHICH RESULTS IN A BETTER GUITAR TONE

THUMB PICKS ARE ALSO USED FOR STRUMMING.
